PRICE 5 CENTS

Will Call Off Taylor's Pursuit

Special Agent Lindsay may be recalled by cable from the pursuit of Wray Taylor, Commissioner of Agriculture, for want of means to pay the expenses of the chase. Attorney General Andrews said to a Bulletin reporter this morning:

"After the action of the House of Representatives last night, we will have to call Mr. Lindsay back. There is absolutely no fund for bringing a fugitive from justice back to the Territory. Some provision is necessary for steamer and railroad fares, expenses of police assistance, etc.

"I therefore asked the Legislature for an appropriation of \$1,500. This Taylor case came on unexpectedly and I believe it was my duty to bring him back. He violated the laws of this Territory. His department and the police worked night and day preparing everything necessary for bringing Taylor back here.

"We picked out Mr. Lindsay and succeeded in getting him to go. He was authorized to represent the police force of this Territory, also to act as United States agent for Taylor's arrest, if it was deemed necessary at Washington that he should be so appointed.

"The action of the House last night has completely tied my hands. There is nothing left for me but to cable to Lindsay to return. This is rather disappointing after all this work has been done, and after the work the mainland police have so kindly done.

"I am not finding fault with the House. It is between the members and their constituents whether or not they refuse to give aid for catching an embezzler.

"The reason the application was not made earlier is that the occasion was unexpected. An embezzler does not inform the authorities of his intentions.

"As things stand now any man can abscond and we can do nothing to stop him."

TURPENTINE IS TABUED ICE COMPANY PROSPERS

Judge De Bolt found that Manager Abraham Fernandez of the Hawaiian Hardware Company had violated the law relating to the storage of explosives by keeping an excess of turpentine on hand. He fined the defendant \$50, the same as the court below. An appeal was noted. Expert evidence was given by E. C. Shorey, the Government chemist, and J. T. Crawley, director of the planters' experiment station.

An appeal to the Supreme Court has been taken in the case of T. Inouye et al. vs. H. E. Cooper, Treasurer, from the decision of Judge Gear denying defendants' demurrer. The suit involves the licenses of Japanese doctors which Cooper threatened to annul because they were granted by a board of examiners. Illegally appointed by Treasurer Wright. A stipulation is filed so that the case may go up on the present record. A. N. Kipokai is substituted for H. E. Cooper as defendant.

Mr. Law has asked to file evidence in opposition to Robert Hind's motion for a receiver and sale, claiming that he did not intend to waive such a right in the motion decided, and did not stipulate that a decision as to receiver be made without evidence.

A demurrer has been filed to the amended petition in the American Savings and Trust Co. case.

A nonsuit was granted by Judge Robinson in the case of F. Wundenberg vs. George Markham and J. H. Cummings.

The case of larceny against Fred Ross, a former hack driver, has been dismissed by the High Sheriff as it appeared that Ross was in no way to blame for having in his possession the bicycle which it was claimed he had stolen. It seems that the Japanese who had him arrested for stealing his wheel had left it on the beach road and gone away. It was there for two days when a resident of the neighborhood took charge of and advertised it as being found. Ross, who was a friend of the finder, wanted to come to town and the man loaned it to him to ride to the city. While he was on it, the owner of the wheel recognized it and had Ross arrested.

COUNTY BILL IN THE SENATE

Chairman Brown Promises Report Possibly Monday.

KALAUOKALANI PRODS UP THE COMMITTEES

SENATE ADJOURNS OUT OF RESPECT TO PRINCE ALBERT KUNUIAKEA'S MEMORIAL

Twenty-second Day. Senator Dickey presented three petitions against changing the school system, one from Kaula and two from Hawaii. Being the same as previous ones, they were referred, without being read, to the County Bill Committee.

Senator McCandless presented a petition, signed by 74 taxpayers, praying for the extension of electric lights at Kalihi. Referred to Committee on Public Lands, etc.

Senator Dickey presented a report of the Committee on Miscellaneous Petitions, upon a petition for an appropriation of \$1,200 for two small bridges on Maui. They find that the bridges are needed over very dangerous gulches, where many narrow escapes from drowning had been had by travelers. A man was drowned in one of the gulches some years ago. They recommend the insertion of an item as prayed for. Laid on the table to be considered with the bill.

Salary Cut Back. Senator Wilcox, from the Committee on Health and Education, presented a report on the item in the salary appropriation bill of \$300 for registrar of the Board of Health. They find that the officer takes the place of the former registrar of deaths, whose salary for last biennial period was \$2,400. A fourth of this amount is \$600 and the committee see no reason for an increase, therefore recommend that the item pass at that figure. Adopted.

County Bill. Senator Cecil Brown, for the special Committee on the County Bill, asked for five days' further time in which to report. He hoped to have the report ready for presentation on Monday but thought fit to ask for more time.

Senator Achi grumbled at the delay and tried to have a motion passed compelling the committee to report in printed form right away.

Time was granted.

Hurry Up Resolution. Senator Kalauokalani presented a resolution that committees having had bills under their charge for ten days report immediately upon such bills. He spoke in support of the resolution, emphasizing his remarks with resounding thumps upon his desk.

Senator McCandless defended the Public Lands Committee, saying that in some cases they had to wait for information from Hilo.

Senator Achi complained that a bill of his, No. 2 at that, had been hung up by a committee since the beginning of the session. As a member of the Republican majority he wanted fair play.

Senator Cecil Brown explained to Senator Achi why his little bill was detained. It provided for a repeal of the income tax law and was held back to await action on the County Bill. If it was found that the income tax was needed under county government, the probability was that Senator Achi's

MATTERS REACH FOCUS

Matters in the settlement of the transfer of the Hawaiian Tramways Co.'s property to the Honolulu Rapid Transit & Land Co. are now in such a condition that it is only a question of making the transfer that is lacking to consummate the deal.

A liquidator satisfactory to all the shareholders, both local and those in London, has been determined upon and he will begin his work in a few days. This liquidator was selected through the efforts of Edward Damon, who was in London a short time ago and who by cablegrams, was enabled to arrange matters satisfactorily. One decision to be arrived at is as to the mode of sale of the property of the Tramways Co.

In speaking of the deal today, L. Tenney Peck stated that the business is now about ready to be settled, the Tramways Co. having selected an agent and the shareholders having gotten together. The Rapid Transit Co. is ready to do its part of the business as soon as the Tramways Co. can turn over its stock to the electric line.

A PROVISION OF THE WILL OF QUEEN EMMA

The death of Prince Albert Kuniakea has brought up a very interesting matter in connection with the will of the late Queen Emma, who was a cousin of the Prince.

It appears that when Queen Emma prepared her will, she made provision for Prince Albert, setting aside the rents from certain lands on the island of Hawaii and other islands of the group, for his use during his lifetime. These rents have passed into the hands of Bruce Cartwright and by him have been handed over to the Prince from month to month.

The will of Queen Emma at this point provided that should Prince Albert have any children, the land from which he was to secure the rents during his lifetime should revert to his children in fee simple. Should there be no children as the result of the marriage of the Prince, the land in question should revert to the Queen's hospital in fee simple.

As it happens, Prince Albert had no children so that the property, which, by the way, is not very extensive, will pass over into the hands of the trustees of the Queen's hospital in fee simple and the rents obtained therefrom will hereafter be applied to the work of that institution.

LAST BASKETBALL SEASON.

The basketball season will end at the Y. M. C. A. tonight in a game between the High School and the Blues of the Intermediate League. The game will be the deciding one of the league. The games will be called at 7:30 o'clock and the teams will line up as follows:

High School—C. Peterson, P. Schmidt, E. Deaga, forwards; D. Sherwood, center; Bob Clark, H. Williams, guards.

Blues—Tom Evans, Lawrence Ken, forwards; Paul Pereira, center; C. Gilliland, Luther Evans, guards.

At 8:15 o'clock there will be a consolation game between the Diamond Heads and a picked team composed partly of men who have been shut out of the season's playing by fever and other things.

The BUSINESS MAN'S HANDY INDEX, published in the Saturday Bulletin and the Weekly Edition, gives a concise and complete resume of all legal notices, calls for tenders, judgments, building permits and real estate transactions. Evening Bulletin, 75 cents per month. Weekly Bulletin, \$1 per year.

The case against Ah Poon, charged with assault with a weapon, was nolle prosequi in the Police Court this morning as the witnesses for the prosecution could not be found.

KRAUSE CHARGES A COMMITTEEMAN

Office Chaser Is To Be Called To Account.

SAYS HE WAS ASKED TO PUNGE UP COIN

SECRETARY ATKINSON WRITES TO MAN WHO WOULD BE AGRICULTURAL COMMISSIONER.

Outside the Legislature, the latest feature of political discussion is a charge laid against the Republican Central Committee in connection with the appointment to the position of Commissioner of Agriculture.

One of the applicants for the place, Mr. Krause, of Kamehameha, has charged that he was approached by a member of the Committee and told in effect that if he wanted the committee endorsement he must give his first two months salary and also pay twelve per cent of his total salary. Whether this money was to go to the committee coffers or the committeeman's pocket is not stated by those who heard the conversation between Mr. Krause and another party.

The charge was made to a prominent man in town by Mr. Krause and as it was in the hearing of other parties, it soon got back to the ears of the members of the Central Committee. A. L. C. Atkinson, secretary of the Central Committee, immediately went to work on a letter addressed to Mr. Krause and taking it around among the various members of the committee, obtained their approval. The letter was then sent to Mr. Krause. In it he was told of the charge he is reported to have made and is asked to furnish the committee with the name of the committeeman who made the money proposition to him. Failing to do this, he is asked to make an apology.

The members of the committee are very warm over the charge the Kamehameha school man is reported to have made and they will ferret the thing to the very bottom.

There is no question whatever that Mr. Krause is a good man and would probably fill the office of the Commissioner of Agriculture and Forestry with credit to himself and the government but there are many other applicants who are after the position, some of whom would fill the position in as creditable a manner.

It is a well known fact that Mr. Krause is the man Governor Dole is seeking to put into the office of Commissioner of Agriculture and Forestry.

FUNERAL OF A PRINCE

The body of Prince Albert Kuniakea while lying in state will be open to the public from 11 to 1 o'clock on Sunday. Hawaiians and the immediate family will be able to gain admission to the throne room any time after the arrival of the body. The services will be under the auspices of the Catholic church at 11 o'clock. The procession will move at 1:30.

FIRE CLAIMS BONDS HAVE BEEN SENT

[Associated Press Special Cable.]
WASHINGTON, D. C., March 14.—Bonds to the amount of \$320,000 for the payment of the Hawaiian Fire Claims were sent on their way to Honolulu today. The bonds go forward in charge of an agent of the Treasury Department.

Germany Will Demand Privileges With Cuba

[Associated Press Special Cable.]
BERLIN, Germany, March 14.—The German Government is taking great interest in the progress of the Cuban Reciprocity Treaty in the United States Senate. Although Germany has not gone as far as England in making a formal protest, it is practically assured that the ratification of the treaty will lead to an immediate request from Germany for identical privileges. Should this request be refused, as it probably will, Germany will retaliate with discriminating tariffs. It is likely that the beet-sugar countries will follow the same plan.

Spooner Defends the Treaty

[Associated Press Special Cable.]
WASHINGTON, D. C., March 14.—The debate on the Panama Canal Treaty continued today with Senator Spooner leading in the discussion replying to Senator Morgan's assertion that the treaty as now before the Senate does not comply with the terms of the Spooner law. Senator Spooner holds that the treaty fulfills all the terms of the law and contends that it should be ratified.

Sale of Cuban Sugars

[Associated Press Special Cable.]
HAVANA, Cuba, March 14.—Three thousand tons of Cuban raw sugar were sold today at 1.85 cents per pound for the English market. The European crop reports indicate that the shortage will be all that has been predicted.

MAZATLAN PLAGUE CONTINUES.

[Associated Press Special Cable.]
MAZATLAN, Mexico, March 14.—Frequent deaths from plague continue. There are now 344 persons isolated in the quarantine section.

TO PAY GERMANY'S FIRST INSTALLMENT.

[Associated Press Special Cable.]
CARACAS, Venezuela, March 14.—The initial installment of the German claim against Venezuela will be paid on Monday.

SONOMA LEFT LAST NIGHT.

SAN FRANCISCO, Cal., March 14.—The Oceanic Company's steamship Sonoma left for Honolulu at 10 o'clock last evening. She has a good list of passengers for Honolulu.

SUGAR QUOTATIONS.

SAN FRANCISCO, Cal., March 14.—Hawaiian Commercial, \$48; Honokaa, \$15; Onomea, \$22.50.

The steamer Noeun with 4384 bags of Onomea and P. S. M. sugar arrived from Hawaii this morning. On the way to port, she fell in with the schooner Mary E. Foster, whose captain had refused to take the services of the tug and was going to sail into port. The wind fell light, however, and Captain Rusa was glad to let the Inter-Island steamer tow him into the harbor.

Purser Deverill of the steamer Ka Au Hou is sick with a prevalent fever.
